# Choose Lisinski and Have an Invaluable Experience

**Multifunctional Venue + Building Protected as Cultural Heritage + Accessibility and Good Connection = Successful Event**

Vatroslav Lisinski Concert and Congress Hall is an ideal multifunctional venue suitable for business, music and stage events. We offer something that no one in Zagreb and its surroundings can; premier location and elegant environment, in which you can organize various events followed by appearances of top-level musicians.

We are often chosen as a venue for large seminars, assemblies and conferences due to our highly equipped halls, located within a walking distance from the city centre, as well as due to good connections, the professional services we provide, but also our luxurious ambience. Our trademark is our distinctive space with dozens of crystal hand-made chandeliers, popularly called Dandelions (protected as cultural heritage), which has hosted numerous musicians, cultural figures, scientists, politicians and ambassadors, as well as works of art.

## Vatroslav Lisinski Concert Hall Facilities

The Hall employs 63 professionals ready to support even the most demanding projects. Our impressive multimedia complex includes an entrance hall stone-paved floors, wide staircases, spacious areas around the Large Hall with 8 metre-high walls suitable for exhibitions with art hanging rails installed, a large foyer suitable for social functions, the Large Hall with a 1800 tiered seat auditorium suitable for conferences, the Small Hall with a seating capacity of 313 people, large rooms suitable for group work, excellent technical, audio and visual equipment, large wardrobes located on upper ground floor, four salons suitable for meetings, a large functional lobby (an exhibition area of around 1888 square metres of horizontal space and around 300 square metres of vertical space), three beverage bars and a gallery. The halls are acoustically isolated, fully air-conditioned and ventilated, with excellent lighting and sound systems, complete recording studio equipment, a sound control room, digital consoles, splitters, amplifiers, a portable PA system, etc. The halls are suitable for radio and television broadcasts, recording sessions and simultaneous interpreting. We are among the few halls that have seats equipped with sockets and headphones for hearing-impaired persons.
